

VISTA ALEGRE

THE JOYFUL VIEW

A private Mediterranean estate for families, celebrations and unforgettable gatherings.

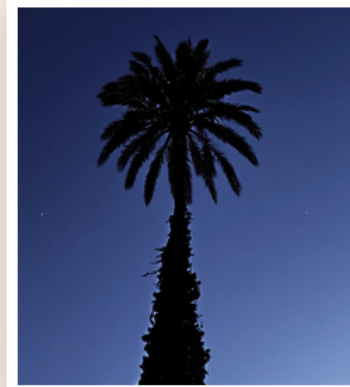

Where vista meets alegre

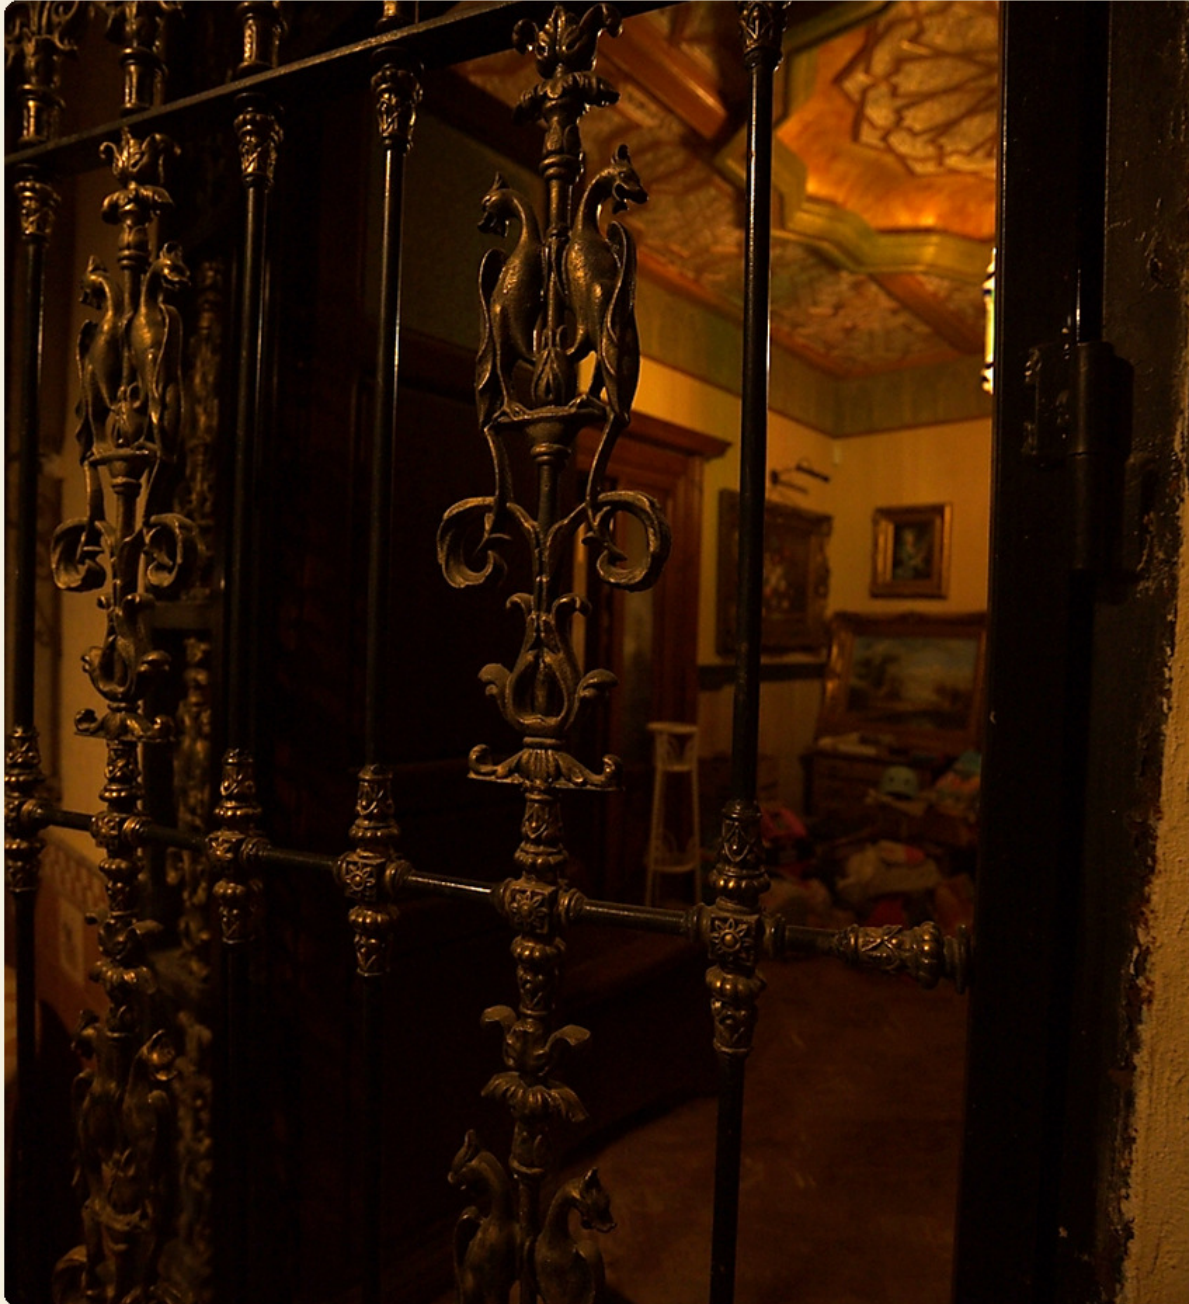

Vista is the view. Alegre is the feeling.

Here, days unfold by the pool, evenings linger on the terrace, and every detail invites celebration, togetherness and joy.

“

A place for life's most important moments.

Arrive.

Beyond these gates, the world slows down.

The first steps into Vista Alegre feel different. Courtyards, old ironwork and Mediterranean light create a sense of privacy before the celebration has even begun.

Look up.

Beauty was never meant to be rushed.

Painted ceilings, carved timber, lanterns and hand-finished details reward the eye slowly. Each room reveals something new.

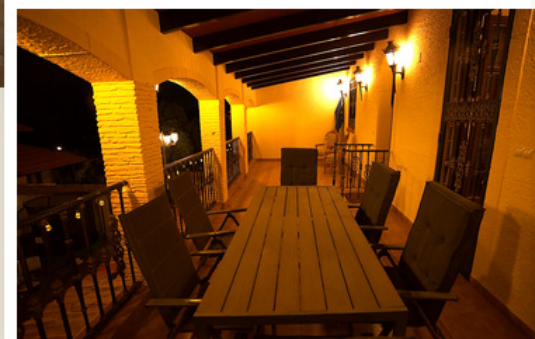

Gather.

Some conversations deserve a longer table.

Long lunches become dinners. Dinners become stories. Vista Alegre is made for generations, friends and colleagues to come together without watching the clock.

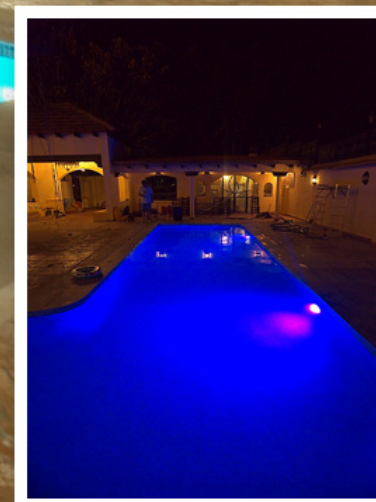

CELEBRATE.

*The most important days deserve
a place of their own.*

Family reunions. Weddings. Birthdays.
Retreats. Corporate gatherings. Long
weekends with friends.

The setting changes with the occasion. The
feeling remains: private, generous and
unforgettable.

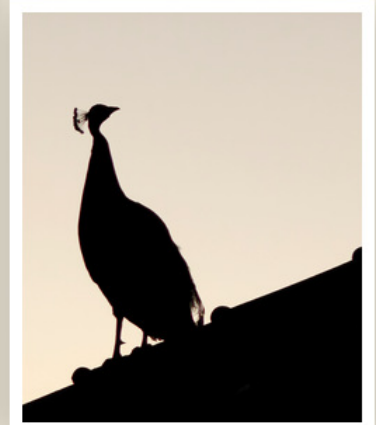

Slow down.

Time grows differently here.

Coffee beneath an old olive tree. Citrus picked from the garden. A quiet corner before the rest of the house wakes. The Mediterranean rhythm is part of the experience.

Play. Laugh. Stay

Children do not remember square metres.

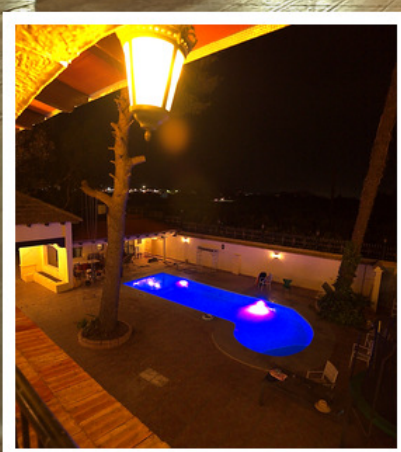

They remember the pool, the tower, the gardens and the freedom to play until evening. Adults remember something equally rare: time together without rushing.

After dark.

*By night, Vista Alegre
becomes its own little world.*

Warm stone, blue water and quiet
terraces create an atmosphere that
invites the evening to continue a
little longer.

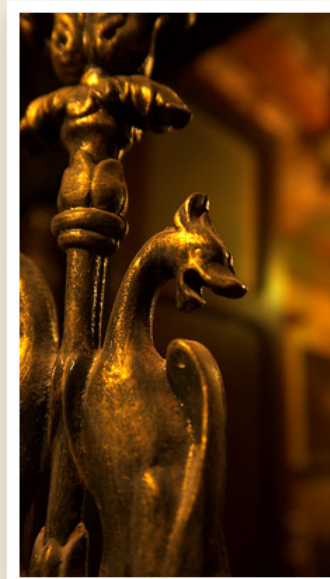

Every detail has a story.

Character is not added at the end. It is built over time.

Wood, iron, paintings and ornament give Vista Alegre its unmistakable identity. The pleasure lies in discovering them slowly.
